

Adding ED Clinicians to Clinical Portal with Limited Access

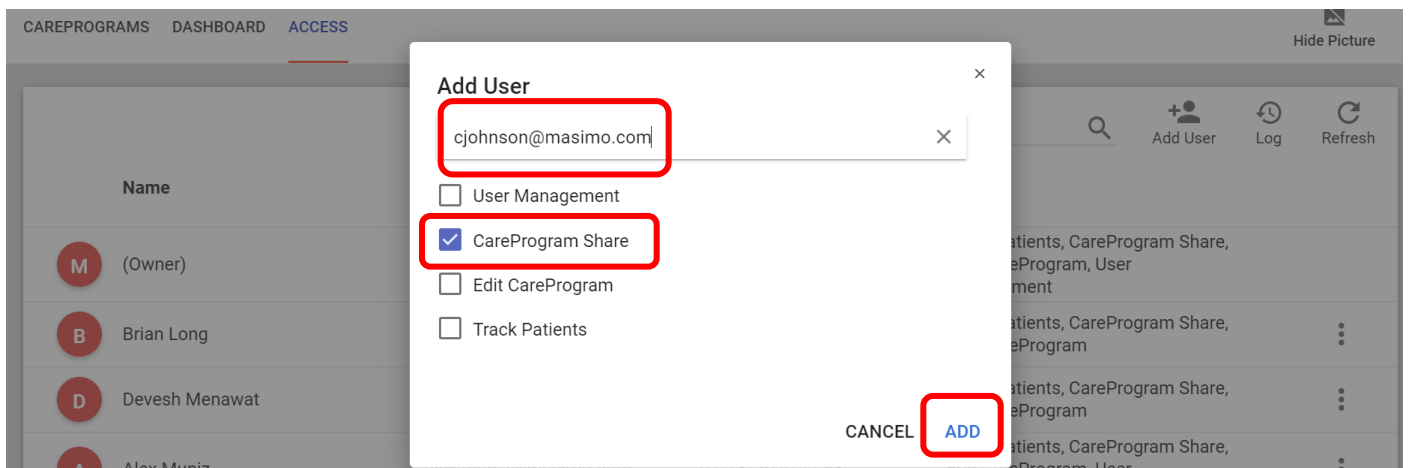

Start by click Access

Next Click Add User

Next add User's email and **ONLY** check CareProgram Share box. Then Click Add, this will send Clinician an email Link to sign in to now view the Clinical Portal.

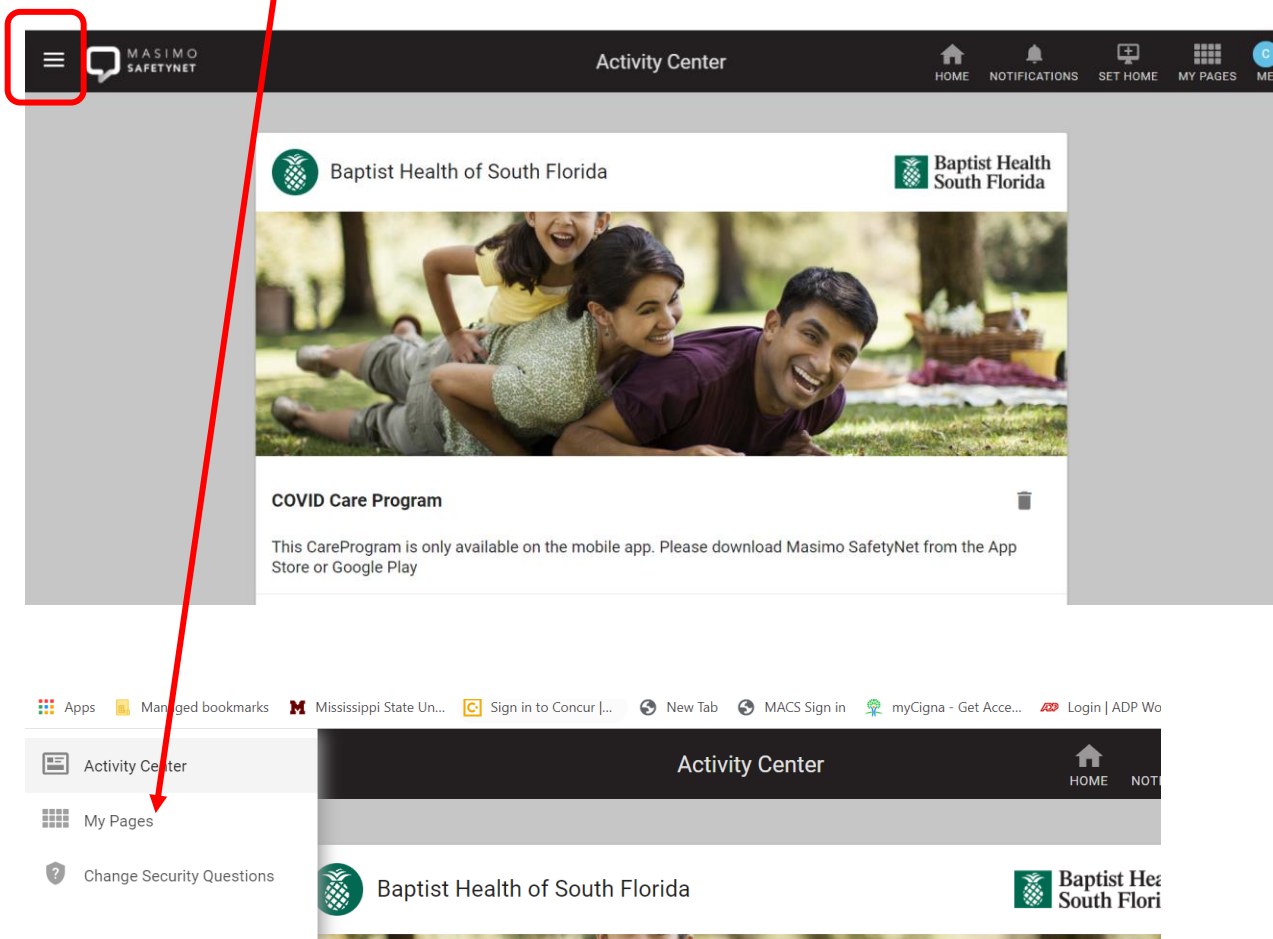

Adding ED Clinicians to Clinical Portal with Limited Access

Once you have clicked on the email Get Started link, use email and create password.

If you sign in and your page looks like this the first time, Click menu bars top Left and then click My Pages select Baptist Health of South Florida.

Adding ED Clinicians to Clinical Portal with Limited Access

The Clinical Portal should look like below for the ED Staff. They are unable to track patient's data but can Share CareProgram with new Patient's.
